

Koala and Me

Koala and Me is a joyful and heartwarming early years show that explores what it is to be Wild!

The Little Things tell the story of a baby Koala who is rescued from a forest fire and brought into a human home. A bit shy at first, Koala gradually becomes friends with the family as they introduce him to their world... eating, sleeping, playing and bath time! Koala and Me is a lively and interactive show filled with music, puppetry, sensory play and lots of bubbles! It is ideal for nursery and reception classes and can be brought to a school hall or classroom.

Running time: 25 mins

Age range: Nursery & reception classes (ages 0-5)

Our team consists of 2 performers. We can either link up our laptop to an in-house PA system or bring our own speaker. We'd like access to the space 30 mins before the first show to set up.
