

# Christmas Trolls

## 2023 Tour

THE  
LITTLE  
THINGS

### The Story

Christmas Trolls is a lively and interactive show, inspired by the book by Jan Brett. The Little Things tell the story of two mischievous trolls, Tig and Mig, who have just lost their jobs at the Clifton Toll Bridge. Down on their luck, they can't work out how to have the Christmas they wanted...

They see Sigrid's house, full of decorations and presents, and with the help of their cheeky hedgehog Twig, decide to steal Christmas from her!

This is a joyful festive show with plenty of songs, snow and silliness, that also allows school audiences to connect with a deeper story about how unemployment can affect families, especially at Christmas time.
